CONTENTS

» Always a step ahead.
Making holiday dreams come true.
This is what Hobby has stood for – for decades. «

Harald Striewski, Company owner

MY HOBBY

A STRONG BRAND

For over 45 years, Hobby has been pursuing a single objective: making mobile travelling simpler and more comfortable. With groundbreaking ideas, innovative technology, modern designs and excellent fittings, Hobby is setting new standards with each new generation of its caravans and motorhomes. The fact that luxury does not have to cost a lot is proven by the PREMIUM series amongst other things – with luxury class motorhomes with unmatched value for money.

UNIQUE DESIGN

Attractive and functional at the same time! Its elegant shape makes the PREMIUM motorhome unmistakable. From the dynamically flowing external contours to the tastefully matching living compartment, the VAN and DRIVE series boast perfect design. This is acknowledged by both experts and caravanning enthusiasts and brought the 'Caravanning Design Award 2012/2013', which is decided by the public, to the PREMIUM VAN 65 GE.

MY HOBBY

WELL-THOUGHT-OUT COMFORT

Hobby motorhomes combine modern design with practical functionality. All layout solutions are practically tailored to the individual needs of mobile travelling. Besides maximum freedom of movement, this includes sophisticated on-board technology, atmospheric ambient lighting and many useful detailed solutions. Elegant shapes and high-quality fittings ensure that you feel at home even on the road.

HIGH FINISHING QUALITY

In terms of quality, Hobby leaves nothing to chance. The professional finishing of our vehicles is constantly monitored and documented at fixed production stations. Only when all checks have been successfully passed is a motorhome made available to the public. The quality promise also applies after leaving the factory: Hobby grants a water-tightness guarantee for five years, subject to annual inspections.

MY HOBBY

PREMIUM VAN 60 GF

» Countryside escape or city break – the PREMIUM VAN looks good everywhere it goes. A genuine city van indeed.«

PREMIUM VAN

PREMIUM VAN

French bed with easily accessible overhead cupboards

Comfortable single beds with generous bed area

Well-thought-out PREMIUM VAN bathroom concept (depending on model)

Sliding washbasin

Generous shower cubicle

PRACTICAL FROM HEAD TO TOE

Are you spontaneous? Do you love weekend trips to the countryside just as much as to Europe's big cities? Then the PREMIUM VAN is the right motorhome for you.

With a body width of just 2.14 metres, all four models in the series are just as manoeuvrable and hence fit for cities as a van. In terms of comfort, on the other hand, the PREMIUM VAN can easily keep up with the big boys.

The bathroom concept in the PREMIUM VAN scores highly with plenty of room in which to move. The washroom door also acts as a dividing wall to the living area, thus creating additional room in a compact space. The washbasin together with the base cabinet slides along a wall track above the toilet, thus ensuring adequate space when showering. Then unfold the dividing wall and there you have the large shower cubicle.

PREMIUM DRIVE 70 HGE

*» Stay where we like. Without any compromises.
Why not?«*

PREMIUM DRIVE

PREMIUM DRIVE

Generous French bed

Single beds with easily accessible overhead cupboards

Generous queen-sized bed with plenty of space at the sides

Space-saving electric drop-down bed, operated at the press of a button

COMFORT WITHOUT BOUNDARIES

Do you like long trips? And do not want to give up anything while travelling? Then you will feel at home in the PREMIUM DRIVE.

The seven PREMIUM DRIVE models allow numerous options especially in the sleeping area. Whether it is an extra-wide queen-sized bed, French bed, convenient single beds or a space-saving drop-down bed – the choice is yours! All bed solutions allow enough room to comfortably reach wardrobes and storage compartments.

Feeling at home is also the top priority in the remaining areas: from the atmospheric lighting concept, refined combination of materials and colours to the high-quality fittings, everything is designed for maximum comfort.

PREMIUM DRIVE

PREMIUM DRIVE 70 HGE

PREMIUM DRIVE

Shower in bathroom

Spacious ambience in the well-thought-out PREMIUM DRIVE bathroom with separate shower cubicle

Washroom in bathroom

PREMIUM DRIVE

FREEDOM OF MOVEMENT REDISCOVERED

In the bathroom featured in the PREMIUM DRIVE models, almost extravagant spatial conditions await you. The washroom door can be converted into a dividing wall to the living compartment. In this way, two people can share the bathroom area at the same time.

When it came to developing the washrooms, the emphasis was clearly on the practical benefits alongside the harmonious design.

PREMIUM DRIVE

- **Tailored body joints**

Effective protection against moisture: precisely fitting body joints, perfect transitions from the motorhome body to the base vehicle and thorough sealing of necessary openings.

- **Multi-part rear wall**

In the event of minor accidents, thanks to the multi-part rear wall only the damaged part has to be repaired, saving costs on repairs and insurance.

- **Sunroof in cab**

The sunroof ensures more light in the cab. For even better insulation, the complete roof panel is also backed with foam.

- **Flat PREMIUM window glazing**

The flat windows can be opened widely and integrate harmoniously with the elegant shape of the exterior design.

- **Elegant awning by THULE OMNISTOR**

Protects against sun and rain: the THULE OMNISTOR awnings are perfectly matched to the PREMIUM motorhomes.

- **LED-illuminated Hobby logo on the rear**

The LED-illuminated Hobby logo on the back of the vehicle embellishes the motorhome in the dark. (only works with engine off)

- **Cab step**

The step on both cab doors is harmoniously integrated in the body. (PREMIUM DRIVE)

- **Extendible entry access step and sturdy side aprons**

The electrically extendible entry access step makes it easier to get in and out. The shapely apron strip is made of aluminium and is therefore particularly resistant to damage.

DESIGN

- **LED rear light**

The rear light in LED technology ensures better visibility on the roads.

- **LED position lights at front and rear**

Stay visible at all times even during the day, thanks to standard LED position lights at the front and rear.

- **Third brake light in LED technology**

The third brake light in LED technology can be seen from far away even in poor visibility conditions.

- **Body door with window and storage compartments**

The body door is equipped with sturdy hinges. The window with integrated pleated blind allows you to choose between a clear view or privacy. The storage areas provide space for bits and pieces.

- **Central locking with remote control**

The cab doors can be locked at the press of a button. Combined with the optional radio alarm system (incl. gas detector), this makes for perfect break-in protection.

- **LED entry light**

The LED entry light helps you to see clearly when getting in and out.

- **Door with security lock**

The solid lock keeps pilferers at bay.

- **Insect screen for entrance door**

The insect screen integrated into the entrance door keeps mosquitoes and other pests at bay.

• Standard Equipment ○ Optional accessories

SAFETY DESIGN

- **Comfortable seating unit**

With a convenient seating height and plenty of legroom, the half dinettes in the PREMIUM motorhomes provide maximum comfort. The seatbelt anchorage with three-point safety belts and integrated headrests ensures safety.

- **Rotating driver and passenger seat**

The height-adjustable and inclining cab seats have armrests on both sides, sturdy swivelling brackets and good lateral support for optimal seating comfort.

- **Acrylic glass frame with indirect lighting**

The sunroof in the cab with an elegant acrylic glass frame lets in daylight. If required, the pleated sun blind can be pulled closed. In the evening the LED lighting provides indirect light. (Not on drop-down bed models.)

- **Insulated roof hoods from DOMETIC SEITZ**

All motorhomes have up to two DOMETIC SEITZ roof hoods as standard. The large Midi-Heki or the smaller Mini-Heki ensure the best insulation, optimal ventilation and a friendly atmosphere.

- **Combi-cassette with pleated blinds and insect screen**

All side windows are equipped with combi-cassette blinds to protect against the sun and insects.

LIVING COMPARTMENT

- **Folding pleated blind system in the cab**
The tried-and-tested REMIS pleated blind system for the cab protects against unwanted looks and sunshine.

- **Interior standing height of 1.98 m**
The well-thought-out spatial design allows an interior standing height of 1.98 m. So even tall people have enough space.

- **TV unit with glass cabinet and wardrobe**
The TV unit in the entrance area of the PREMIUM models features a stylish glass cabinet with LED ambient lighting. Right next to it there is room for coats on the nicely finished wardrobe.

- **Designer catches with metal strip handles**
The wall cupboards are fitted with a practical continuous strip handle and double-catch mechanism, which ensures they are even easier to open and close.

- **Luxury living compartment table rotatable by 360 degrees**
The tabletop on the column rising table can be moved in all directions. The passageway can thus be made wider if needed.

- **Indirect night-time lighting in the flooring area**
The indirect plinth lighting on the floor is dazzle-free and therefore ideal for the night. Combined with the standard fitted carpets, this creates a great feel-good ambience.

- **Reading spotlights above the seating unit**
The modern LED touch spotlights give off a cosy light for games evenings, evening reading or good conversations.

• Standard Equipment ◦ Optional accessories

LIVING COMPARTMENT

- **Modern kitchen planning**

The refrigerator is located outside the kitchen block, creating additional storage space. The work surface height of 91 centimetres makes it convenient to prepare food.

- **Spacious Slim Tower refrigerator**

Improved sense of space thanks to reduced installation depth: the Slim Tower refrigerator developed by Hobby with a capacity of 140 litres, LED interior lighting and removable freezer compartment. The large handle is easy to operate.

The slightly elevated installation position means no more awkward bending over. (Standard in many models)

- **Pull-out basket under Slim Tower refrigerator**

Directly underneath the Slim Tower refrigerator, there is room for storage tins and canned food within easy reach.

- **Kitchen drawers in convenient size**

The extra-wide drawers provide space for all kinds of utensils. The full extension guarantees a good view and easy access. The soft-close mechanism ensures the drawers close softly and quietly.

KITCHEN

- **Sturdy drawer catches**

Safely prevent accidental opening whilst driving: the solid metal catches on the kitchen drawers.

- **Functional kitchen counter**

The kitchen counter neatly covers the seatbelt anchorage and also acts as an extra shelf. (Not in the PREMIUM VAN 55 GF.)

- **Easy-clean surfaces**

The smooth kitchen surfaces can be cleaned in seconds.

- **Stainless steel sink with cutting board**

The large sink also has room for bigger pans. The sink cover acts as a practical cutting board. (Cutting board not in the PREMIUM VAN 55 GF)

- **Space-saving pull-out cabinet**

Not a centimetre wasted: the pull-out in the under-sink cupboard makes optimal use of the available space. (Not in the PREMIUM VAN 55 GF)

- **Kitchen roller blind with integrated power sockets**

The practical kitchen blind with pleated sun and midge protection also features a bright LED kitchen light and two neatly placed power sockets. (Model-specific)

- **Three-flame cooker with automatic ignition**

Up to three dishes can be cooked at once on the stainless steel cooker, also in larger pans thanks to clever partition. The ignition safety device stops the flow of gas when the flame goes out. The glass cover acts as an additional workspace.

- **Refined kitchen fittings**

The PREMIUM motorhomes are equipped with modern kitchen fittings – a perfect complement to the design of the overall vehicle. (Model example)

• Standard Equipment ○ Optional accessories

KITCHEN

- **Unique feel-good ambience**

The leather-look bedhead and the LED lighting strips create a cosy atmosphere. The mirror on the end wall makes the room look bigger.

- **Plenty of headroom in the sleeping area**

The sleeping area features above-average, generous headroom above the beds. This also guarantees a relaxed sitting position.

- **Easily accessible clothes cupboards**

In many models, sturdy steps make it easier to reach the clothes cupboards above the beds.

- **Pull-out bed extension**

The single beds can quickly be made into a large bed area using a pull-out slatted frame and an additional upholstered unit.

- **FROLI comfort bed system with cold foam mattress**

The optional comfort bed system from FROLI adapts to the body's contours. Breathable cells in the cold foam mattress provide a restful sleeping climate and pleasant ventilation.

- **Exclusive drop-down bed design**

Only visible at the second glance: the drop-down bed fits into the interior almost invisibly. With its soft drive mechanism, it slides smoothly into the sleeping position at the press of a button.

- **Flexible reading spotlights**

The two exclusive LED reading spotlights ensure relaxed night-time reading.

BEDROOM

- **Designer shower column**

The shower panel features storage compartments for shampoo and shower gel as well as an integrated light. (Model-specific)

- **DOMETIC SEITZ Mini-Heki roof hood**

Light in, damp out! All bathrooms are equipped with DOMETIC SEITZ Mini-Heki roof hoods.

- **Generous corner cupboards with plenty of storage space**

The corner cupboards provide plenty of space for toiletries. Under the washbasin, there is additional storage space for towels or a hair-dryer. (Model example)

- **Sturdy door fittings**

The washroom door is equipped with sturdy lock fittings. It will therefore remain firmly closed whilst driving. (Model-specific)

- **Anti-slip shower tray insert**

The shower tray insert fits precisely in the shower tray. Water can safely escape through the openings into the two outlets in the shower tray.

- **Practical detailed solutions**

Practical details enhance your holiday and ensure tidiness – from the small newspaper pocket by the seating unit to the practical toilet roll dispenser in the bathroom.

- **Shower with seat console**

A folding seat provides additional comfort in the bathroom's shower cubicles.

• Standard Equipment ○ Optional accessories

BATHROOM

- **Frost-protected installation in the floor pedestal**

The fresh water tank is locked under the seating bench protected from frost. The supply and waste pipes are housed in a heated double floor in the seating unit area.

- **Insulated and heated waste water tank**

The waste water tank is fitted under the floor and insulated. In addition, the heating with hot air protects against frost. The sluice gate for the used water is also located in the heated area of the waste water tank.

- **Hobby CI-BUS on-board management with LCD control panel**

The modern BUS on-board system controls all the equipment and functions belonging to the on-board network. The control knob allows you to conveniently navigate between the menus. Displays such as date/time, inside/outside temperature, water tank level and battery charge/

- **Intelligent air circulation**

Optimal circulation of the rising radiator heat: ventilation slits in the cupboards and a large-enough gap between winter ventilation and the exterior wall prevent damp spots and mildew.

- **Easily accessible sluice gate**

The operating element for the shut-off valve can be easily reached. (Installation situation model-specific. Fig. may differ)

- **Latest battery management**

The HELLA battery sensor constantly measures the charge status of the starter battery and 92-AH-AGM on-board battery as well as its consumption values and charging currents. The power supply always remains in sight on the display of the LCD control panel.

discharge can be read on the display panel or settings can be activated directly. Other BUS-capable on-board components, such as heating, air conditioning and electric sunroof, can be centrally controlled. The system is standardised, can be updated and is therefore compatible with future appliance generations. Up to 15 appliances can already communicate with the control panel. (Observe manufacturer's instructions.)

ON-BOARD TECHNOLOGY

- **TRUMA combination hot air heater with hot water boiler**

The hot air pipes from the TRUMA combi-heater distribute heated air optimally through the vehicle and ensure cosy temperatures. It is controlled via the digital CP PLUS 6 TRUMA control panel.

- **Easily accessible frost monitor valve**

The zero current safety drain valve automatically empties the boiler if there is a risk of frost. The outlet pipe cannot freeze therefore and the water supply is assured. (Installation situation model-specific. Fig. may differ.)

- **DOMETIC FreshJet roof air-conditioning unit**

The roof air-conditioning unit features four controllable airflow settings. The comfortable lightweight works economically and quietly.

- **TV equipment**

The TV arm, which can be pivoted through 180 degrees, allows a good view of the 19" LED television from all positions. Reception is provided by a digital SAT receiver and various satellite antennae.

- **ALDE hot water heater**

The very efficient hot water heater for the coldest conditions maintains the natural humidity and reduces the impact of dust and allergens. (not in PREMIUM VAN 55 GF)

- **Central gas distributor in the kitchen**

The shut-off valve on the gas distributor is easily accessible in the kitchen.

- **PIONEER AVH-2500BT Moniceiver**

Besides functioning as a DVD player, navigation system and a display for the reversing camera, the AV tuner is used for wireless phone calls via Bluetooth and as a central media player. (In the PREMIUM VAN PIONEER AVH-6300 BT; subject to change of model in the current season)

- **Powerful living compartment loudspeakers**

Two loudspeakers provide the right sound in the vehicle.

• Standard Equipment ◦ Optional accessories

ON-BOARD TECHNOLOGY

- **More room thanks to lowered rear**

The lowered rear ensures maximum garage dimensions. Bicycles and bulky luggage will find plenty of room here. (Model-specific)

- **Garage comfort fitting**

The fully insulated garage hatches secured with solid two-point toggle locking have a large opening angle. The garage space is coated with a solid and easy-to-clean plastic surface. Additional shelves provide plenty of storage room. (Model-specific)

- **Sturdy lashing rails**

Adjustable lashing eyes, in which support straps can be fastened, ensure that loads are safely secured.

- **Large wardrobe by the bed**

There is also plenty of room for clothes in the tall cupboards. Hobby clothes hangers are naturally included here, too. (Model-specific)

- **Velo II bike carrier for two e-bikes**

The SAWIKO bike carrier is ideal for transporting e-bikes: it is extremely sturdy with a loading capacity of up to 75 kg and easy to load thanks to its low height.

- **Bike carrier**

The EUROCARRY bike carrier for two or three bikes is available exclusively from Hobby and is perfectly matched to the design of the PREMIUM motorhomes.

- **Wardrobe with pull-out rail**

The wardrobe under the bed features a pull-out rail. Five Hobby clothes hangers are included. A practical roller shutter in techno silver/chrome closes the cabinet. (Model-specific)

- All wardrobes are fitted with LED lighting as standard.

STORAGE SPACE

- **Illuminated Hobby logo in backrests**
That certain something: the Hobby logo shines from the backrest of the driver's seats.

- **Tacora upholstery**
Sleek and elegant: the Tacora upholstery in discreet anthracite comes as standard in the PREMIUM VAN.

- **Vik upholstery**
The Vik goes with the elegant combination of dark blue and anthracite – standard in the PREMIUM DRIVE.

- **Ocean upholstery**
The Ocean upholstery combination combines fresh shades of blue and beige and is optionally available for all Premium models.

- **Driver's seats in living compartment fabric**
Seat covers matched to the living compartment upholstery fabric are standard on all PREMIUM motorhomes.

- **Leather upholstery**
The sophisticated and, at the same time, easy-to-clean leather upholstery is available in a choice of cream white or cream white/brown.

• Standard Equipment ◦ Optional accessories

● Technical Data – Not available

¹ The technically permissible gross weight must not be exceeded under any circumstances.

² The weight of the vehicle in ready-to-drive state corresponds to the weight of the empty vehicle, including lubricants, on-board tools, spare wheel (repair kit where appropriate), fuel (100%), extra battery, all standard factory-fitted equipment and 75 kg for the driver in addition to the basic equipment. Basic equipment comprises the weight of the fresh water and gas containers, which are filled to 90% of their capacity. The basic fittings for all models weigh 110 kg.

³ The load corresponds to the difference between the „technically permissible gross weight“ and the „weight in ready-to-travel state“. This value must take account of passengers, optional accessories and personal items.

⁴ The towing attachment is a special accessory. Please comply with the maximum permitted towing weight.

⁵ With the weight capacity increase option, the number of seats increases to 4.

TECHNICAL DATA

These features are in all PREMIUM motorhomes:

BASIC VEHICLE/CHASSIS

- ✓ Driver's airbag
- ✓ Diesel particle filter
- ✓ Electronic immobiliser
- ✓ Extended wing mirrors
- ✓ ABS (anti-locking brake system)
- ✓ ASR (anti-slip regulation)
- ✓ EBD (electric brake force distribution)
- ✓ ESP (electronic stability programme)
- ✓ Dashboard trim
- ✓ Mud flaps front
- ✓ Tyre repair set
- ✓ Hazard triangle and first-aid kit

CAB

- ✓ Heat insulating glazing, slightly tinted
(only on PREMIUM VAN)
- ✓ Remote control central locking
- ✓ Step into the cab (only on PREMIUM DRIVE)
- ✓ Electric window winders
- ✓ Driver and passenger seat rotatable, covered with living compartment fabric, inc. illuminated Hobby logo in the backrest
- ✓ REMIS folding pleated blind system for front and side windows in the cab

BODY

- ✓ Sunroof in the cab
- ✓ Acrylic glass frame with indirect LED lighting for sunroof in the cab (not on drop-down bed models)
- ✓ DOMETIC SEITZ roof hood, Midi-Heki 700 x 500mm, with pleated blackout and insect screen
(not in PREMIUM VAN 65 HE)

- ✓ DOMETIC SEITZ roof hood, Mini-Heki 400 x 400mm, with pleated blackout and insect screen
- ✓ PREMIUM window glazing, flush, double-glazed and tinted
- ✓ Side windows can be opened out
- ✓ Roof rail (only on drop-down bed models)
- ✓ Installation preparation for reversing camera
- ✓ First Class Mobile emblem on rear
- ✓ LED illuminated Hobby logo on rear
- ✓ LED rear light and LED position lights
- ✓ Body door with window and storage compartments
- ✓ LED entrance light
- ✓ Insect screen for entrance door
- ✓ Retractable electric easy-access step

LIVING COMPARTMENT

- ✓ Combi-cassette with black-out and insect protection pleated fabric
- ✓ TV unit with glass cabinet and wardrobe
- ✓ LED touch spotlights at the seating unit
- ✓ Living compartment and cab carpet, removable
- ✓ Powerful living compartment loudspeakers
- ✓ TV equipment

KITCHEN

- ✓ DOMETIC Slim Tower refrigerator, 140 l with removable 12-litre ice box
- ✓ Pull-out basket under tower refrigerator
- ✓ Stainless steel three-flame cooker with glass cover and automatic ignition
- ✓ Stainless steel sink
- ✓ Cutting board for sink
(not in PREMIUM VAN 55 GF)

- ✓ Kitchen drawers in convenient size with full extension and soft-close mechanism
- ✓ Cutlery insert
- ✓ Pull-out basket in under-sink cupboard
(not in PREMIUM VAN 55 GF)
- ✓ Kitchen window roller blind with integrated power sockets and LED kitchen light
- ✓ Kitchen counter (not in PREMIUM VAN 55 GF)

SLEEPING

- ✓ Cold foam mattress
- ✓ Drop-down bed with electric soft-drive mechanism
(only on drop-down bed models)
- ✓ LED reading spotlights

BATHROOM

- ✓ Bathroom with separate shower cubicle
(not in PREMIUM VAN and FL models)
- ✓ Bathroom concept with moving washbasin for showering (only on PREMIUM VAN, depending on model)
- ✓ Side washroom with moving washbasin for showering (PREMIUM DRIVE 65 FL, 65 HFL)
- ✓ Shower tray insert, non-slip
- ✓ DOMETIC SEITZ Mini-Heki roof light 400 x 400mm with pleated fabric for black-out and insect protection (not in PREMIUM VAN 65 HE)
- ✓ THETFORD rotating toilet with electric flush
- ✓ THETFORD cassette toilet C-503, exclusive to Hobby (PREMIUM DRIVE 65 FL, 65 HFL)
- ✓ Sturdy door fittings

WATER/GAS/ELECTRICITY

- ✓ Insulated and heated waste water tank

NOTE:

The models featured in the brochure also currently have optional extras or decoration that are not part of the standard scope of delivery. Deviations in terms of structure and colour compared to the featured furnishings are subject to change provided they have to do with the nature of the materials used and are found in the trade. The same applies to technical changes to the vehicle provided the product quality remains the same overall or is improved and the purpose of use is not impaired.
